

Corporate Sponsor Awards 2019

Corporate sponsorship has always been an important part of Swimathon's history and we recognise that our sponsors have been extremely generous supporters over the years.

This year's Swimathon is raising funds for the Cardiac Action Group as they look to promote greater awareness of cardiac arrest and the charity's island-wide Public Access Defibrillators (PAD).

In order to show recognition for the hard efforts spent raising funds to support this event, to give you something back, and to lift our contribution to the Cardiac Action Group, we have developed the Corporate Sponsor Awards scheme.

The Awards are divided into three categories based on the amount of funds raised by each organisation each year. A special branded icon has been created to show recognition of the efforts to achieve each level.

Gold Award Level
